Ducks to right of them,
Ducks to left of them,
Ducks in front of them,
Wings that thunder'd;

Storm'd at with shot and shell
Swiftly they flew and—well—
Well!—not a feather fell!
Who was it? I won't tell!
Stood there and wonder'd!

Annual Report of the Irish Water Spaniel Association, 1932.

IN submitting our Year Book, recording briefly the events which took place in Irish Water Spanieldom during the past year, I have to record progress. Many shows were supported and classes guaranteed, and Cups and Special Prizes provided for competition, a record of which will be found on another page.

Nothing can do more for a gun-dog breed than encouraging its working qualities, and demonstrating in public, and thereby initiating the unsophisticated in all that concerns the breed; in this respect nothing could exceed what this breed owes to the generosity of Col. Birkbeck, who, time after time, has placed his superb Field Trial grounds at the disposal of the Association. Our next Field Trial Meeting will be by Col. Birkbeck's kind invitation, at Settle on October 2nd and 3rd; and the Association has accepted, with much gratitude, Sir Clive Coates' invitation to hold Field Trials at Helperby on January 8th, when a "non-winners'" stake will be run. This will be breaking new ground, and it is hoped a good entry will be received.

For the number of Irish Water Spaniels bred annually, the number registered at the Kennel Club is comparatively small, and I would suggest to owners that it would be very advantageous to the breed to register their dogs, and all puppies, even if subsequently disposed of.

Very successful Field Trials were held on Col. Birkbeck's shooting at Settle in September, and a second meeting in January, the awards at which are recorded herein, the winner of the Field Trial Challenge Cup being Sir Clive Coates' great dog, "Obedamed of Helperby," (whose portrait appears in the Year Book of 1931, a few copies of which are still available); the winner of the Novice Stake being Major Court-Treatt's "Lyddite Amber," a performance she repeated in January by

winning the Non-Winners' Stake. The Association owes much to those who have undertaken the arduous task of judging at its trials; in this capacity Mr. H. S. Lloyd, General Allgood, and Mr. A. Gordon very kindly acted at the September meeting, and in January General Allgood and Mr. T. England were the judges, while Mr. E. Woolley kindly acted as referee.

Abroad the breed is going ahead; in America and Canada the demand for good dogs of this breed is considerable. In France Mons. Naegeley's kennel is supreme. His great dog, Champion "Ægipon du they Rouston," together with his "Breifny Glorianna," make a pleasing picture in the Christmas number of "L'Eleveur." "Ægipon" was very highly spoken of by Mr. H. S. Lloyd (one of the judges in the French Trials), than whom there is no greater authority on Spaniel work, and this dog has won a great deal on the bench, being many times made best of all breeds, and notably where English judges were officiating.

We again start this year with a balance in hand, and the Association is very grateful to Mr. Daintree and Mr. Trimble who have kindly audited their accounts for several years.

Members should endeavour to induce new members to join the Association, and breed many more Irish Spaniels, so that they become more numerous and better known.

Members may obtain the Association's silver badge, in the form of a brooch, at a moderate cost, by applying to the Hon. Secretary.

Copies of the Rules of the Association, and the Breeders' Cups, as well as the scale of points and description of the Irish Water Spaniel, can be obtained at any time by applying to the Hon. Secretary. It is the earnest desire of the Committee to further the interests of the breed in every way, and suggestions, ideas and criticisms are invited.

Hon. Secretary.

DESCRIPTIVE PARTICULARS.

HEAD.—Skull and muzzle should be of good size; skull high in dome, good length, and fairly wide, showing large brain capacity; muzzle long, strong, and somewhat square in appearance; *face perfectly smooth*. Topknot should consist of long, loose curls, growing down into a well-defined peak between the eyes, and should not be in the form of a wig, *i.e.*, growing straight across.

EYES.—Comparatively small *dark brown and very intelligent-looking*.

EARS.—Very long and lobe-shaped in the leather, set low, hanging quite close to the cheeks, and covered with long, twisted curls of live hair.

NECK.—Fairly long, strong, and arching (carrying the head *well above the level of the back*), and strongly set into the shoulders.

BODY (including size and symmetry).—Fair sized, round and barrel shaped; so stout and compact-like as to convey a "cobbiness" in appearance. Height—Dogs about 21 to 23 inches at shoulder; bitches about 20 to 22 ins.

NOSE.—Large and well developed, and of a dark liver colour.

SHOULDERS AND CHEST.—Shoulders very powerful, but *not* too straight or "cloddy"; chest deep, but not too wide or round between the fore-legs, though large in girth, with ribs well-sprung behind the shoulders.

BACK AND LOINS.—Back, short, broad, level, and very powerfully coupled to hind quarters. Ribs carried well back, and loins deep and wide.

HIND QUARTERS.—Very powerful, with long, *well-bent stifles, and hocks set low*.

STERN.—Short and smooth, strong and thick at root (where it is covered for three or four inches with short curls), and, gradually tapering, ends in a fine point. It should not be long enough to reach the hock joint, and should be carried nearly level with the back in a straight line.

FEET AND LEGS.—Feet large, somewhat *round and spreading*, well-clothed with hair, both over and between the toes, but free from any superfluous feather. Fore-legs, well-boned and straight, with *arms well let down*, and carrying the forearm at elbow and knee, in a straight line with point of shoulder.

COAT.—Composed of dense, tight, crisp, ringlets, entirely free from woolliness; the fore-legs covered with feather, which should be abundant all round, though shorter in front, so as only to give a rough appearance; *below the hocks the hind-legs must be smooth in front, but feathered behind down to the feet*.

COLOUR.—*A very rich puce liver*, white on chest objectionable.

GENERAL APPEARANCE.—That of a *smart, up-standing, strongly built*, but not leggy dog, combining great intelligence and endurance, with a *bold and dashing* eagerness of temperament, and a characteristic gait, distinctive of the breed which is a different movement to that of any other variety of Spaniel.

Election of Members.

IV.—Candidates for Membership must be proposed by a Member of the Club, and elected by the Committee by voting papers, and one negative in five votes to exclude. On the admission of each new Member, the Secretary shall send a notification to that effect, and furnish him with a copy of the Rules.

Management.

V.—The management of, and the property of the Club shall be vested in the Committee. The Committee shall also have the power of making Byelaws, and deciding upon all matters in dispute, or not provided for by the Rules. The name of any Member or Members put forward for election on the Committee must be sent with their Proposer's and Secunder's names to the Hon. Secretary prior to the 30th November in each year. The existing Committee, together with the *New* Candidates, to be submitted to each Member of the Club for election. In the event of there being no such Candidate, the Committee to remain in office. The voting papers to be returned to the Hon. Secretary, with votes recorded, on or before a fixed date. Three to form a quorum at Committee Meetings.

Meetings.

VI.—That General Meetings of the Club shall be held from time to time, at such places as the Committee may think desirable.

Method of Conducting Business.

VII.—That, inasmuch as it is scarcely possible for the Committee to meet more than once or twice a year, it shall be competent for the Hon. Secretary to transact all such business as might be done at a Meeting of the Committee by letter. At every Meeting, whether General or of the Committee, the Minutes of the last previous Meeting shall be read over and confirmed before any other business is gone into. At least seven days' notice shall be sent of every Meeting, and with the notice shall be stated a list of the business to be transacted and copies of all the proposed resolutions. No business which is

not contained in this list, other than matters of routine, shall be gone into at any Meeting whether General or of the Committee. Each Member shall be entitled, in the event of his being unable to attend the Meeting, to vote on any resolution by returning his notice paper to the Hon. Secretary two clear days before the Meeting, sealed and addressed to the Chairman, marked "for" or "against," or nominating any Member who may be present as his proxy to vote for him, and such voting shall rank as equal with the votes of those present. Every paper used in this way, however, must be signed by the Member so using it, and if unsigned, must be rejected. At General Meetings two Scrutineers shall be appointed, whose business it shall be to open the voting papers, and record the votes. The President of the Club, if present, shall preside at every Meeting; in his absence the Vice-President shall take his place, and in their absence the Members shall elect a Chairman, who shall have a casting vote in the event of a tie taking place, and whose ruling on any point shall be binding on the Meeting.

Expenses, Report, &c.

VIII.—That no expense be incurred by the Hon. Secretary or Treasurer, or by any Member of the Committee, beyond the funds in hand. That an Annual Report, together with the Rules of the Club, the names and addresses of the Members, Committee, Officers, &c., shall be printed and supplied to all Members; and that the Annual Abstract of Accounts (duly audited by two Members elected at a General Meeting) shall be open to the inspection of Members.

Eligibility.

IX.—That all dogs competing for Irish Water Spaniel Association's Prizes must be entered according to the *latest* Revised Rules of the Kennel Club.

Prizes.

X.—That the Challenge Cup presented to the Association by Colonel Millner and Mr. E. White, entitled "The Irish Water Spaniel Association's Perpetual Challenge Cup," be offered by the Club, for competition by members only, as may be decided by the Committee. The Challenge Cup presented

to the Association by its President, Viscount de Vesci, entitled "The Irish Water Spaniel Association's Field Trial Challenge Cup," be offered for competition by Members only, at *one* Field Trial in each season, as may be decided by the Committee. A small replica Cup to be given to the winner, whose name shall also be engraved on the Challenge Cups.

That no Association Specials or Cups will be awarded at any Show where there are not *two* eligible to compete for same, and each dog or bitch must have won *at least* a third prize in their class. No dog shall be awarded an Association's Special Prize at Field Trials that has not obtained *at least* a Certificate of Merit at the Trials.

Expulsion of a Member—New Kennel Club Rule.

XI.—Any member who shall be suspended by the Kennel Club shall *ipso facto* cease to be a member of the Club and if the conduct of any member shall, in the opinion of the Committee, be injurious, or likely to be injurious, to the character or interests of the Club the Committee may at a meeting, the notice convening which includes as an object the consideration of the conduct of the Member, determine that a Special General Meeting of the Club shall be called for the purpose of passing a resolution to expel him. Notices of both meetings shall be sent to the accused Member advising him of the place, date and hour, and that he may attend and offer an explanation. If at the Special General Meeting a resolution to expel is passed by a two-thirds majority of the Members present and voting, his name shall be forthwith erased from the List of Members, and he shall thereupon cease for all purposes to be a Member of the Club, except that he may within two calendar months appeal to the Kennel Club upon and subject to such conditions as the Kennel Club may impose.

Alterations.

XII.—That each Member of this Association agrees to acknowledge the Kennel Club as the final Court of Appeal in all matters of dispute.

XIII.—That none of the foregoing Rules be altered, except at a General Meeting of the Club convened for the purpose.

The Irish Water Spaniel Association's Breeders' Cups Rules.

I.—The Cups to be called the Irish Water Spaniel Breeders' Cups and Sweepstakes, and to be of not less value than £5 each, open to all members of the Irish Water Spaniel Association on payment of £1, *i.e.* 10/- to each Cup, to be competed for by Irish Water Spaniels, bred and owned by the same Exhibitor. Any member may subscribe and compete for each Cup separately, or both as he may desire.

II.—The Cups to be one for either sex, and cannot be won more than *three* times by the same dog or bitch; either shall become the property of the first Exhibitor who wins it seven times.

III.—After the first fee of £1 (or 10/- to one Cup), no additional entry fee will be necessary, until one of the Cups has been finally won, when a 10/- subscription will be asked for to replace it.

IV.—All money over the cost of the Cup to be given as added money (or Sweepstake) to the winner, less expenses of postage, etc., paid out.

V.—The Cup Competitions shall be managed by the Committee of the Club. Members may enter as long as the Cup is for competition, and may compete with an unlimited number of dogs.

VI.—The Cup shall be offered as often as the majority of the Committee may elect, at any Show under the K.C. Rules.

VII.—The winner shall have his name and dog's name engraved on the Cup. No one shall be allowed to compete who has not paid his entry fee.

VIII.—The Cups will not be awarded at any Show where there are not *two* eligible to compete for same, and each dog or bitch must have won *at least* a Third Prize in their Class.

Training Irish Water Spaniels as Gun Dogs.

At a General Meeting of the Irish Water Spaniel Association in February, 1928, the following suggestions were formulated for the guidance of trainers and handlers of these dogs at Field Trials, etc.

- (i) Absolute steadiness to shot, feather and fur in any circumstances.
- (ii) "Dropping" (which includes "sitting" or "standing") when commanded to do so, and remaining so until directed otherwise.
- (iii) May be required to beat out any rushy, swampy place, or other covert that a Retriever would ordinarily be expected to face, as the Judges may require.
- (iv) No artificial means may be used to induce a dog to enter water apart from the sanctions of legitimate handling (e.g., no stones, sticks, or such like, may be thrown in).
- (v) These dogs should work, largely, to "hand-signals," as silence, and the absence, as far as possible, of whistling and noise, on the part of the handler, is essential.
