Annual Report of the Irish Water Spaniel Association, 1927.

THE year that has passed marks an important one in the history of Irish Water Spaniels. This Association was formed at Birmingham December Show, 1926, and held its first General Meeting at Cruft's Show, 1927, which was well attended. Both at home and abroad the Irish Water Spaniel is becoming more popular, and in numbers and quality a steady improvement is noticeable. It is noteworthy that one of Mons. Naegeley's Irish Water Spaniels won third prize at the French Field Trials of 1927 in competition with Cocker Spaniels and other varieties. The Spaniel Club, now in its 43rd year, and which has done much for all breeds of Spaniels, for the first time included two stakes for Irish Water Spaniels at their Field Trials of 1927. All the dogs competing at these trials were owned by members of the Irish Water Spaniel Association, and several of the competing dogs had won prizes at Shows. Special prizes were provided by the Irish Water Spaniel Association. This Association owes much gratitude to the Spaniel Club, and especially to its Hon. Secretary, Mr. Lee, who took much trouble in organizing these stakes. It is the intention of the Spaniel Club to include stakes for Irish Water Spaniels at their Field Trials again in 1928, which will be held at Shipton Oliffe Manor, Andoversford, Glos., on October 31st and following days. If it can be arranged, it is the desire of your Committee to hold other Field Trials for the breed during the shooting season. At the largest Show ever held, and which took place this year (1927) the Brace Class and Puppy Class was won by Irish Water Spaniels, competing against *all other breeds*, which I hope augurs well for its future.

It is the earnest desire of the Committee to further the interests of the breed in every way, and suggestions, ideas, and criticism from the members are invited. With sincere regret I

have to record the death of Mr. J. Farrow on May 12th, 1928. For over sixty years he took the keenest interest in Irish Water Spaniels, and the first dog he ever led into a Show Ring, he was always pleased to remember, was a specimen of this breed. Probably no one did more to maintain the true type and general excellency of these dogs than Mr. Farrow. He wielded a fearless pen some forty years ago, when there was a tendency to produce an animal alien to the true type, and though perhaps not popular with everyone at that time, did much to maintain the type as we have it to-day in our best specimens. Mr. Farrow was an Honorary Member of this Association, and at its recent General Meeting was elected its Delegate to the Kennel Club Council of Representatives.

From blocks in my possession I have been able to have reproduced a photograph of "Boatswain," the great pillar of this breed, which I hope may be of interest to some of our members; with it I have had portrayed the head of a present day specimen of note, and I think the similarity in type, after an interval of nearly a hundred years, is well discernible.

Copies of the Rules of the Association, and the Breeders' Cups, as well as the scale of points and description of the Irish Water Spaniel, can be obtained at any time by applying to the Hon. Secretary.

DESCRIPTIVE PARTICULARS.

HEAD.—Skull and muzzle should be of good size; skull high in dome, good length, and fairly wide, showing large brain capacity; muzzle long, strong, and somewhat square in appearance; *face perfectly smooth*. Topknot should consist of long, loose curls, growing down into a well-defined penk between the eyes, and should not be in the form of a wig, *i.e.*, growing straight across.

EYES.—Comparatively small *dark brown and very intelligent-looking*.

EARS.—Very long and lobe-shaped in the leather, set low, hanging quite close to the cheeks, and covered with long, twisted curls of live hair.

NECK.—Fairly long, strong, and arching (carrying the head *well above the level of the back*), and strongly set into the shoulders.

BODY (including size and symmetry).—Fair sized, round, and barrel shaped; so stout and compact-like as to convey a "cobbiness" in appearance. Height.—Dogs, about 21 to 23 inches at shoulder; bitches about 20 to 22 ins.

NOSE.—Large and well developed, and of a dark liver colour.

SHOULDERS AND CHEST.—Shoulders very powerful, but *not too straight or "cloddy"*; chest deep, but not too wide or round between the fore-legs, though large in girth, with ribs well-sprung behind the shoulders.

BACK AND LOINS.—Back, short, broad, level, and very powerfully coupled to hind quarters. Ribs carried well back, and loins deep and wide.

HIND QUARTERS.—Very powerful, with long, *well-bent stifles, and hocks set low*.

STERN.—Short and smooth, strong and thick at root (where it is covered for three or four inches with short curls), and, gradually tapering, ends in a fine point. It should not be long enough to reach the hock joint, and should be carried nearly level with the back in a straight line.

FEET AND LEGS.—Feet large, somewhat *round and spreading*, well-clothed with hair, both over and between the toes, but free from any superfluous feather. Fore-legs, well-boned and straight, with *arms well let down*, and carrying the forearm at elbow and knee, in a straight line with point of shoulder.

COAT.—Composed of dense, tight, crisp, ringlets, entirely free from woolliness; the fore-legs covered with feather, which should be abundant all round, though shorter in front, so as only to give a rough appearance; *below the hocks the hind-legs must be smooth in front, but feathered behind down to the feet*.

COLOUR.—*A very rich puce liver*; white on chest objectionable.

GENERAL APPEARANCE.—That of a *smart, up-standing, strongly-built*, but not leggy dog, combining great intelligence and endurance, with a *bold and dashing* eagerness of temperament, and a characteristic gait, distinctive of the breed, which is a different movement to that of any other variety of Spaniel.

RULES AND REGULATIONS

OF THE

Irish Water Spaniel Association.

Name and Objects of the Association.

I.—The Club shall be called the IRISH WATER SPANIEL ASSOCIATION. Its objects shall be—(a) To promote the breeding of pure Irish Water Spaniels; (b) To define precisely and publish a description of the true type, and to urge the adoption of such type on breeders, judges, &c., as the only recognised and unvarying standard by which Irish Water Spaniels shall be judged; (c) To do all in its power to protect and advance the interests of the breed, by offering prizes at Dog Shows, establishing Field Trials, and adopting such other means as may be deemed advisable.

Establishment and Constitution.

II.—The Club shall consist of a President, Vice-Presidents, Hon. Secretary and Hon. Treasurer, and a Committee of not more than nine (including the Hon. Secretary and Treasurer), and an unlimited number of members whose names and addresses shall be kept in a book by the Hon. Secretary. Not less than three members to form a quorum.

Subscription.

III.—The Annual Subscription shall be *one Guinea*, due on 1st January each year (or within one week after election), and there shall be no entrance fee. No one shall be entitled to the privileges of membership or to win any special prizes offered by the Club, until his Annual Subscription shall have been paid. The liability of a Member shall not exceed his Annual Subscription. That any member failing to pay his Subscriptions by 1st February, shall be reminded of the omission by the Hon. Secretary, and should it remain unpaid by first March, it shall be within the power of the Committee to erase his name from the list of Members.

Election of Members.

IV.—Candidates for Membership must be proposed by a Member of the Club, and elected by the Committee by voting papers, and one negative in five votes to exclude. On the admission of each New Member, the Secretary shall send a notification to that effect, and furnish him with a copy of the Rules.

Management.

V.—The Management of, and the property of the Club shall be vested in the Committee. The Committee shall also have the power of making Bye-Laws, and deciding upon all matters in dispute, or not provided for by the Rules. The name of any Member or Members put forward for election on the Committee must be sent with their Proposer's and Secunder's names to the Hon. Secretary prior to the 30th November in each year. The existing Committee, together with the *New* Candidates, to be submitted to each Member of the Club for election. In the event of there being no such Candidate, the Committee to continue in office. The voting papers to be returned to the Hon. Secretary, with votes recorded, on or before a fixed date. Three to form a quorum at Committee Meetings.

Meetings.

VI.—That General Meetings of the Club shall be held from time to time, at such places as the Committee may think desirable.

Method of Conducting Business.

VII.—That, inasmuch as it is scarcely possible for the Committee to meet more than once or twice a year, it shall be competent for the Hon. Secretary to transact all such business as might be done at a Meeting of the Committee by letter. At every Meeting, whether General, or of the Committee, the Minutes of the last previous Meeting shall be read over and confirmed before any other business is gone into. At least

seven days' notice shall be sent of every Meeting, and with the notice shall be stated a list of the business to be transacted and copies of all the proposed resolutions. No business which is not contained in this list, other than matters of routine, shall be gone into at any Meeting whether General or of the Committee. Each Member shall be entitled, in the event of his being unable to attend the Meeting, to vote on any resolution by returning his notice paper to the Hon Secretary two clear days before the meeting, sealed and addressed to the Chairman, marked "for" or "against," or nominating any Member who may be present as his proxy to vote for him, and such voting shall rank as equal with the votes of those present. Every paper used in this way, however, must be signed by the Member so using it, and if unsigned must be rejected. At General Meetings two Scrutineers shall be appointed, whose business it shall be to open the voting papers, and record the votes. The President of the Club, if present, shall preside at every Meeting; in his absence the Vice-President shall take his place, and in their absence the Members shall elect a Chairman, who shall have a casting vote in the event of a tie taking place, and whose ruling on any point shall be binding on the meeting.

Expenses, Report, &c.

VIII.—That no expense be incurred by the Hon. Secretary or Treasurer, or by any member of the Committee, beyond the funds in hand. That an Annual Report, together with the Rules of the Club, the names and addresses of the Members, Committee, Officers, &c., shall be printed and supplied to all Members; and that the Annual Abstract of Accounts (duly audited by two Members elected at a General Meeting) shall be open to the inspection of Members.

Eligibility.

IX.—That all dogs competing for Irish Water Spaniel Association's Prizes must be entered according to the *latest* Revised Rules of the Kennel Club.

Mr. Justin McCarthy's "Boatswain"

Born 1834

and the ancestor of most of the present day Irish Water Spaniels.

Born in 1924

and showing the great resemblance in type to McCarthy's "Boatswain" of nearly a hundred years ago, as exemplified in the best specimens of the present day.

" The only picture known of Mr. Justin McCarthy's famous dog "Boatswain." It shows clearly that the type has changed, if anything, very little, in the last hundred years. Compared with the head of the youngest specimen of the breed of note one clearly sees the same length of fore-face (which 'Stonehenge' described as 'very peculiar'), and depth and squareness of muzzle."

(From "Dogs, Their History and Development," Vol. I., by E. C. Ash).

Prizes.

X.—That the Challenge Cup presented to the Association by Colonel Millner and Mr. E. White, entitled "The Irish Water Spaniel Association's Perpetual Challenge Cup," be offered by the Club, for competition by members only, as may be decided by the Committee. A small replica Cup to be given to the winner, whose name shall also be engraved on the Challenge Cup.

That no Association Specials or Cups will be awarded at any Show where there are not *two* eligible to compete for same, and each dog or bitch must have won *at least* a third prize in their class.

Expulsion of a Member—New Kennel Club Rule.

XI.—Any member who shall be suspended by the Kennel Club shall *ipso facto* cease to be a member of the Club and if the conduct of any member shall, in the opinion of the Committee, be injurious, or likely to be injurious, to the character or interests of the Club the Committee may at a meeting, the notice convening which includes as an object the consideration of the conduct of the member, determine that a Special General Meeting of the Club shall be called for the purpose of passing a resolution to expel him. Notices of both meetings shall be sent to the accused member advising him of the place, date and hour and that he may attend and offer an explanation. If at the Special General Meeting a resolution to expel is passed by a two-thirds majority of the members present and voting, his name shall be forthwith erased from the List of Members, and he shall thereupon cease for all purposes to be a member of the Club, except that he may within two calendar months appeal to the Kennel Club upon and subject to such conditions as the Kennel Club may impose.

Alterations.

XII.—That each Member of this Association agrees to acknowledge the Kennel Club as the final Court of Appeal in all matters of dispute.

XIII.—That none of the foregoing Rules be altered, except at a General Meeting of the Club convened for the purpose.

The Irish Water Spaniel Association's Breeders' Cups Rules.

I.—The Cups to be called the Irish Water Spaniel Breeders' Cups and Sweepstakes, and to be of not less value than £5 each, open to all members of the Irish Water Spaniel Association, on payment of £1, *i.e.*, 10/- to each Cup, to be competed for by Irish Water Spaniels, bred and owned by the same Exhibitor. Any member may subscribe and compete for each Cup separately, or both as he may desire.

II.—The Cups to be one for either sex, and cannot be won more than *three* times by the same dog or bitch; either shall become the property of the first exhibitor who wins it seven times.

III.—After the first fee of £1 (or 10/- to one Cup), no additional entry fee will be necessary, until one of the Cups has been finally won, when a 10/- subscription will be asked for to replace it.

IV.—All money over the cost of the Cup to be given as added money (or Sweepstake) to the winner, less expenses of postage, etc., paid out.

V.—The Cup Competitions shall be managed by the Committee of the Club. Members may enter as long as the Cup is for competition, and may compete with an unlimited number of dogs.

VI.—The Cup shall be offered as often as the majority of the Committee may elect, at any Show under the K.C. Rules.

VII.—The winner shall have his name and dog's name engraved on the Cup. No one shall be allowed to compete who has not paid his entry fee.

VIII.—The Cups will not be awarded at any Show where there are not *two* eligible to compete for same, and each dog or bitch must have won *at least* a Third Prize in their Class.

From one of the Judges' reports in "The Irish Kennel Club Journal" of the above Field Trials.

"It may be said at once that the seven dogs in this Stake were a revelation of what the Variety can do in almost impossible circumstances.

Their hunting—be it remembered, of *barren* ground—was marvellously fast and thorough, they turned to whistle like Land Spaniels, they obeyed their handlers absolutely, they either dropped or stood (the best idea in an Irish Water Spaniel), to shot, and when sent on a quest the eagerness of their search, the intelligence with which they accepted signals of direction, and the apparent ease and speed with which they located, picked up and returned to hand with the quarry (cold and uninviting as it was), was absolutely astounding. A better lot of Irish Water Spaniels have never been seen together before. Not one of them but would have graced—nay, done honour to—the kennel of the most fastidious shooting man, and it was a deplorable misfortune that circumstances had not allowed them to have a better chance of demonstrating the wonderful qualities they undoubtedly possess."

Training Irish Water Spaniels as Gun Dogs.

At a General Meeting of the Irish Water Spaniel Association in February, 1928, the following suggestions were formulated for the guidance of trainers and handlers of these dogs at Field Trials, &c.

- (i.) Absolute steadiness to shot, feather, and fur, in any circumstances.
- (ii.) "Dropping" (which includes "sitting" or "standing") when commanded to do so, and remaining so until directed otherwise.
- (iii.) May be required to beat out any rushy, swampy place, or other covert that a Retriever would ordinarily be expected to face, as the Judges may require.
- (iv.) No artificial means may be used to induce a dog to enter water apart from the sanctions of legitimate handling (e.g., no stones, sticks, or such like, may be thrown in).
- (v.) These dogs should work, largely, to "hand-signals" as silence, and the absence, as far as possible, of whistling and noise, on the part of the handler, is essential.

Most dogs hold this position in the hearts of men and women, and this place should be recognised by our care of them. Dog knowledge on the part of the master means health and happiness for the dog.

Clean wholesome food twice a day—not scraps any time—will keep a dog happy and fit, and nothing fills his requirements like Spratt's Dog Foods. Made to suit a dog's constitutional demand for a correct proportion of meat and cereal ingredients, there is nothing better a dog lover can buy for his pal.

Dog Cakes for the big chaps, and Puppy Biscuits for young dogs and medium breeds; buy some to-day and watch your dog sit up for them.
